## *Our Country Club Golf Course*

Our serene country club golf course is one of the finest USGA-regulated courses in the region, providing fun and challenging play for golfers of all ages and skill levels. Inspired by a rolling piece of farmland in the mid 1960s, golf course architect Charles M. Mahannah created a course every golfer would enjoy. His vision of a course that requires proficiency, reverence and thought has continued through the years as we continually upgrade, redesign and maintain the course through innovative practices and trendsetting technology.

Pine Island's golf course is the best well-kept secret in northwest Charlotte. The course layout puts a premium on shot placement and strong short game play with a variety of different angles and elevation changes, Pine Island is a course you will want to play day after day.
